Sire: Wanganella 160706 x Wanganella 140271

**Stud Master's Comment:** Wanganella 190163 traces his breeding back to outstanding Wanganella sire 100019. He has a pure muzzle and eyes. W190163 stands well and is very square on his feet. He has a well shaped frame with a deep barrel and length of body; and is a very square ram with a good top line. His fleece is an excellent sire's wool on a rich skin; the crimp is well aligned and his gutsy medium wool has style and softness.
